Export TurningPoint Polling Scores to the Blackboard Grade Center

1. In TurningPoint's PowerPoint polling tool, ensure that appropriate points and correct answers are set. Also be sure to select the course roster from the drop-down menu at the top of the PowerPoint polling screen.

2. After exiting PowerPoint and saving the session when prompted, you will return to the TurningPoint dashboard. Under the Manage tab, click once on the name of the course roster that had been imported, and then click the Results Manager button at the bottom right corner.

3. In the table view of the session, click the Integrations button.

4. Choose Blackboard from the Choose LMS System drop-down menu. Enter the server address: blackboard.gwu.edu Enter your Blackboard username and password. Click Connect.

5. Choose Export Session. Click on the appropriate session. Click Export.
