5. If you don't have a TurningPoint subscription or clicker you can purchase them from the GW Bookstore bundled or separately. Once purchased, add your new subscription code and Clicker ID to your Turning Account.

If you're using TurningPoint Mobile or already have a clicker you'll only need to purchase a subscription and install the [Android](#) or [iOS](#) application to your device. You can also join the polling session on a web-enabled device at rwpoll.com.

Turning Technologies is offering a [\\$20.99 rebate](#) to GW students for purchases of new devices, bundles, or subscriptions during the 2017-2018 academic year.

6. When you've successfully set up your account for polling you'll see a green checkmark next to each section in the dashboard. The Response Devices section does not need to have a green checkmark if you are using TurningPoint Mobile.
