

## Access Follett Discover through Blackboard

The Deputy Provost for Academic Affairs asks that all faculty, including those teaching online classes, submit their textbook and course material adoptions to the GW bookstore to comply with the Higher Education Opportunity Act. If no materials are needed, you should still report that “no text is required.” In adopting texts and materials with the bookstore, you are not committing students to buy from them in any way, only sharing the required materials so they can assess costs.

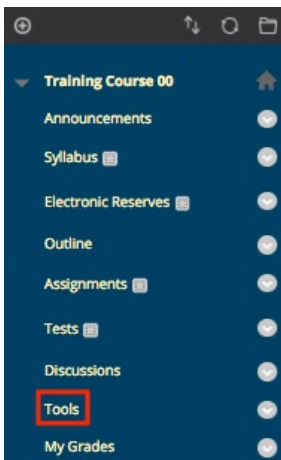

You can access the Follett Discover tool in two ways, 1) using the following link: <http://go.gwu.edu/follett>  
OR

2) through Blackboard following the steps below:

1. Login to [Blackboard](#).
2. Click on the name of any course to open it. It does not need to be the course for which you're adopting course materials. You can access Follett Discover in any Blackboard course for which you are listed as an instructor.

3. On the **Course Menu**, click **Tools**.

4. On the **Tools** page, click **Follett Discover**.

Faculty can discover and adopt the best course materials, made available seamlessly to your students. Students can conveniently acquire all materials with options to choose rental, new, used or digital.

**Note:** For assistance with using Follett Discover, contact the [GW bookstore](#) at [\(202\) 994-6870](tel:202-994-6870).
